

## FOREIGN RELATIONS BEING CONSIDERED

### MANY PROBLEMS ARE BEING CONSIDERED BY ADMINISTRATION

Mexican Relations Hinge on Ability of Obregon to Establish a Regime That Will Win American Recognition—American Troops Remain on Rhine—League is Discussed

(By The Associated Press.)  
WASHINGTON, March 10.—As the new administration settles down to a working basis both President Harding and his chief advisors are giving increasing attention to the country's foreign relations.

For the moment selection of a new set of diplomatic representatives abroad, relations with Mexico, the Rhine situation, the league of nations and the Panama-Costa Rican controversy are subjects in the forefront of consideration. It was authoritatively today that no final selections for diplomatic posts had been made.

The nearest approach to an actual choice is understood to be Myron T. Herrick of Ohio, for ambassador to France, a post from which he resigned early in the first Wilson administration. Henry Lane Wilson, of Indiana, former ambassador to Mexico, is mentioned often in connection with the ambassadorship to Italy.

The question of Mexican relations hinges on ability of the new administration of President Obregon to establish a regime that will win American recognition. Just what the requirements for such recognition should be is occupying the study of officials here. Much as the White House and the State Department hope for a full restoration of diplomatic relations with the Southern republic, there is little evidence of confidence that a formal recognition may be possible in the near future.

President Harding discussed the Mexican problem today with B. A. Agnew, of Texas, who has been suggested as ambassador to Mexico in case of recognition, and later Mr. Cressager had a talk with Under-Secretary Fletcher, of the State Department, former ambassador to Mexico.

American Troops on the Rhine  
The situation of the American troops on the Rhine is one which has been brought to the attention of the president by the advance of the allied forces into Germany. The only announcement made here has been that the State and War Departments were in accord with the policy of the previous administration insofar as it provided for non-participation in the allied advance, and that withdrawal of the American army was not immediately under consideration.

Related in some degree to the Rhine situation is the question of American participation in a modified league of nations. Today's dispatches from Paris, saying that the French embassy here was reported to have approached the State Department on the subject, were the first public intimations that negotiations regarding the league had been received.

There is evidence that such a move on the part of the Paris government would fit in with President Harding's notions of how the subject should be approached. It has been the understanding that Mr. Harding not only has hoped for a frank expression from the other governments concerned, but has planned to feel them out informally early in his administration.

Whether the president intends to send representatives to Europe, accredited officially or unofficially, to make inquiries for him has never been revealed. Speculation about the capital has turned to the presumption that he will do so, and guesses have been made about the men most likely to be selected for such a mission. In this gossip the name of Elihu Root frequently has been mentioned.

Establishing Listening Post  
One plan said to have been urged upon Mr. Harding would provide for the despatch of an emissary to establish a listening post at the next meeting of the league of nations at Geneva during the coming summer, and later to make a canvass of sentiment in all the European capitals. If that is done, it is expected that at the same time the embassies and legations here will be asked to lay on the table whatever information they have as to the attitude of the various governments, and that out of the whole inquiry a series of formal negotiations may eventually be evolved.

In this consideration of diplomatic appointments, particularly to the great European capitals, President Harding is seeking men who would be alive to all the considerations involved in the league negotiations. Mr. Herrick, for example, is not only familiar with such aspirations thru his experience as ambassador at Paris early in the war, but he made a trip abroad last summer and

### SERVICE IS IDEAL HOOVER HAS AS CABINET OFFICER

Does Not Seek to Regulate Trade and Industry

DEPARTMENT WILL  
BE RE-ORGANIZED

(By The Associated Press.)  
WASHINGTON, March 10.—The future of the department of commerce in its abilities to meet needs of trade and industry must await the "thorough reorganization of the whole executive machinery," now being undertaken by the joint congressional reorganization committee, Secretary Hoover said today.

The declaration was made in Mr. Hoover's first statement as a cabinet member in which he announced the policy of his department to be one of service and not of "regulation of trade and industry." Outside of voluntary measures he said the only immediate extension of service would be in obtaining greater internal efficiency.

Seeks Wider Co-operation  
"In order to do service to the greatest advantage," Mr. Hoover said, "I wish to establish a wider and better co-operation with the trade and commercial organizations. I want to see our efforts to push our foreign commerce more closely related to our industries."

Such large activity, he declared, was within the original purpose of his department and would require neither additional legislation nor appropriation.

"Touching of the necessity for more efficient governmental machinery but not making public any plan for governmental reorganization Mr. Hoover said the necessity had been emphasized by war created economic difficulties.

The United States, he contended, must face for many years competition resulting from a lower cost of living in Europe which will mean production costs there lower even than before the war.

To meet this competition and maintain high standard of living, he declared the country must work harder, eliminate waste, improve its processes, its labor relationships and business methods.

Saving for Consumers  
With the co-operation of the definite trades and industries, Mr. Hoover declared his department could aid the improvement of some business practices and extend the standardization of manufactured products in the interests of saving to consumers and promotion of foreign commerce.

With the farmers and manufacturers overstocked with food and goods, Mr. Hoover said the country was not facing over production but a breaking down of credit links thru the failure of foreign markets. As a remedy for this situation he endorsed the foreign trade financing corporations created under the Edge act on the ground that foreign credits are better than rotten food.

"All together," the secretary concluded, "more economic taxation, tariff, large economy in government, more internal business reorganization and agreements on disarmament and systematic government co-operation, will all contribute to help us out of the ditch."

KRONSTADT GOVERNMENT  
ISSUES PROCLAMATION  
Riga, March 10.—A proclamation issued by the Kronstadt government to the world's workers constitutes a long document which is devoted mainly to showing that the new revolution is a movement in the part of the laboring population of Russia against attempts by autocratic communists "led by the bloody Field Marshal Trotsky," to destroy the free will of the laboring population.

PRESIDENT ENTERTAINED  
DIPLOMATIC CORPS  
Washington, March 10.—President Harding received the members of the diplomatic corps in accordance with the custom at the beginning of a new administration. He, diplomats, many of them in dress uniform, were received in the blue room, the reception lasting about an hour.

Secretary Hughes was present.

BELGIAN GUARD WOUNDED  
Brussels, March 10.—A Belgian guard was wounded by a bullet fired by an unknown person in a street in Durburgh, according to a despatch from that city to the Durburgh Hour. The circumstances have not been disclosed. This is the first incident of the kind reported from the newly occupied area.

### JACKSONVILLE LOST TO SPRINGFIELD IN AN EXCITING GAME

Locals Eliminated from Basketball Tournament When They Lose Overtime Game to Springfield High by Score of 26 to 25—Second Team Outplays Springfield Five

#### TODAY'S GAMES

9:00 a. m.—Meredosia vs. Waverly.  
10:00 a. m.—Winchester vs. Virginia.  
11:00 a. m.—Bluffs vs. Pawnee.  
2:00 p. m.—Springfield vs. Franklin.  
3:00 p. m.—Murrayville vs. Athens.  
4:00 p. m.—Chapin vs. Chandlerville.  
7:00 p. m.—New Berlin vs. Ashland.  
8:00 p. m.—Winner of game 3 vs. winner of game 4.  
9:00 p. m.—Winner of game 5 vs. winner of game 6.

Jacksonville high went down to glorious defeat before Springfield in the district basketball tournament in an overtime game Thursday evening before a crowd that packed David Prince gymnasium and overflowed out on the floor and into the halls.

It was one of the most bitterly fought games ever seen in a district tournament and Woods had a chance to tie the score after the final gun sounded with a free throw as the result of a Springfield foul but missed and the game went to Springfield by a score of 26 to 25.

The score does not begin to tell the story of the game and of the gallant fight Jacksonville made before finally bowing to the capital city five. Coach Mitchell started his first team and they fought hard but did not seem to have an eye for the basket, and the result was Springfield forged ahead, leading at the half by a score of 9 to 6.

When the second half started Coach Mitchell put in his entire second squad. Springfield gained a few points on the seconds until they got their bearings. But when the seconds got to going they took Springfield's "manny" and tethered it right out in the center of the floor. It stayed there too until the first team came back and then it got loose.

Seconds Run Over Springfield  
After the seconds got to going they ran over Springfield, coming from behind and taking the lead. They played so fast that Springfield was fouling from holding on and even then were unable to stop the onrush of the local players.

The blow that killed Jacksonville's hopes was when Hunt was sent to the showers thru four personal fouls. Hunt had played a marvelous game. He was everywhere taking the ball off the backboard, stopping the Springfield forwards with ease and carrying the ball time and again down the floor and feeding it to one of his forwards. His work was easily the feature of the evening and we do not believe will be equalled again during the tournament. On his showing during the time he was playing it must be reckoned with in picking an all-star team for he was stopping one of the best teams in the tournament in Springfield, and he stopped them dead while he was playing.

Yells Bring Thrills  
Those who have never witnessed a basketball game do not know the thrill that comes when the schools give their yells and the enthusiasm of youth breaks forth in wild riot. The noise started early in the evening with the various schools giving cheers for each other.

However, it was not until Jacksonville and Springfield came on the floor that the noise really started. Springfield did not have as many rosters as Jacksonville but she made a lot of noise and had a cheer leader who could do more gymnastics than a circus clown.

The yells went back and forth on every opportunity. When either team scored a point it caused a wild spell of yelling. The score was so close that the teams were either tying the score or breaking it nearly all the time. It was hard on the nerves and people with weak hearts should have been camped in some other part of town.

Springfield Well Balanced Team  
Springfield displayed a well balanced team. They played well together and displayed some ex-

#### RESULTS IN OTHER TOURNAMENTS

Decatur, March 10.—Following are the scores in the opening round of the Decatur district tournament:

Decatur, 46; Newman, 10.  
Morrisonville, 23; Mt. Pulaski, 13.  
Lincoln, 37; Moweaqua, 13.  
Bement, 19; Waynesville, 10.  
Mansfield, 11; Taylorville, 9.  
Sullivan, 29; Tuscola, 16.  
Decatur, 33; Morrisonville, 7.

Bloomington, Ill., March 10.—Results of the Bloomington district basketball tournament, held at Fairbury, on account of the quarantine here:

Piper City, 35; Downs, 28.  
University High, 26; Normal, 10.  
Gibson City, 43; Paxton, 8.  
Lexington, 23; Forrest, 18.  
Bloomington won from Saybrook by forfeit.

LeRoy, 20; Roberts, 13.  
Rockford, Ill., March 10.—Rockford district high school basketball tournament:

Pecatonica, 19; Polo, 15.  
Rock Falls, 32; Mt. Morris, 28.  
Freeport, 27; Stockton, 15.

Lawrenceville, Ill., March 10.—The results of the Southeastern Illinois High School basketball tournament follow:

Mt. Carmel, 40; Bridgeport, 23.  
Sammor, 156; Caral, 15.  
Robinson, 28; Paris, 25.  
Marshall, 42; St. Francisville, 9.  
Lawrenceville, 37; Ohlong, 19.  
Peoria, Ill., March 10.—Peoria district:

East Peoria, 37; Princeville, 12.  
Peoria Central, 34; Pekin, 6.  
Peoria Manual, 32; Hopedale, 17.  
Minok, 24; Green Valley, 20.  
At Canton:  
Macomb, 36; Normal Academy High, 14.  
Blandinsville, 7; Table Grove, 49.  
Farmington, 32; San Jose, 17.

cellent floor work. This was particularly true when they were up against the first squad. The second squad broke up their floor play and made them take long shots, few of which were successful. They should have no trouble in working to the finals now as they are on an easy end of the schedule.

The other games were not of an exciting nature. The opener was between Pawnee and Petersburg. Neither team did much in the way of finished play and were off in basket shooting. Pawnee finally won by a score of 23 to 14.

The last game of the evening was between Auburn and White Hall. Auburn started off like a winner. They had a good looking team and were better at passing and shooting during the first half than White Hall. When the half ended they were leading by one point.

During the second half the White Hall team seemed to come to life and did some classy passing and shooting. They soon took the lead and held it thru-out. The White Hall guards did some excellent work in the second half and were able to prevent the Auburn forwards from breaking thru for many counts.

Officials Do Good Work  
The story of the opening of the tournament would not be complete without a word as to the officials.

### LEAGUE OF NATIONS MAY CONSIDER PANAMA CASE

Appeal by Southern Country Presents Unique Situation

LEAGUE RIGHTS IN THIS CONTINENT IN DOUBT

(By The Associated Press.)  
WASHINGTON, March 10.—Refusal of Panama to accept the White territorial award as a basis of peace with Costa Rica and appeal by Panama to the league of nations for settlement of the dispute is expected by some officials here to place before the American government the probable necessity of defining its attitude toward the jurisdiction of the league in disputes on the American continent.

Panama in replying to the state department's note of Saturday demanding cessation of hostilities before her forces and those of Costa Rica agreed to retire from Coto but announced the intention to keep civil and police authorities in Coto where they were prior to the break between the two governments February 21. Costa Rica in agreeing to a settlement on the basis of the White award has withdrawn her troops from the disputed territory.

The Panama note the text of which was made public today was understood to be unsatisfactory to department officials. There was a suggestion that the counter proposal offered by Panama for mediation by a commission of disinterested persons might be used as a basis for further negotiations. Although lacking official confirmation of the appeal of Panama to the league, officials evidence interest in a despatch from Geneva stating that such an appeal had been received by the secretary there. The despatch indicated that the league council might give attention to it and pointed out here that both Panama and Costa Rica are league members.

An Earlier Question  
The league was called on to take cognizance of one dispute in the American hemisphere at the meeting of its assembly last November. The Aseno-Arica controversy involving Peru, Chile and Bolivia was referred for settlement by Peru but later withdrawn. The representatives of Peru expressing the hope that when the question was submitted at the next meeting the United States would have become a member.

Diplomatic circles here profess to be frankly puzzled as to the possible attitude which the United States as a non-member of the league might assume with reference to any attempt by the league to settle a purely American dispute. Some government officials have said that the proper policy is to let the league settle its own disputes.

Others in settling disputes on the American continent could in "no" wise be interpreted as an infringement of the Monroe Doctrine inasmuch as numerous controversies in South America formerly have been arbitrated by European monarchs and head of states.

#### ENGLAND WILL NOT CONSIDER REPUBLIC

Dublin, March 10.—In connection with Premier Lloyd George's announcement that the government is willing to consider any suggestion for the future of Ireland, apart from a demand for an Irish republic, it can be stated on excellent authority that the proposed discussion looking to peace which began with the conferences of Mr. Lloyd George and Sir Edward Carson before the reassembly of parliament, are now well advanced. The government, according to this informant, insists that any step in consideration of settlement with South Ireland must be the cessation of attacks by the Irish Republican army on crown forces.

#### STATE POLICE WILL CONTROL MINING DISTRICT

Chastleton, W. Va., March 10.—In response to a request of Prosecuting Attorney Posten, of Monongahela county, a squad of state police was sent to Morgantown tonight, with instructions to patrol the region. A strike of coal miners is in progress in the Decker's Creek coal fields in that vicinity.

#### MEXICAN WAR VET PASSES AWAY

Janesville, Wis., March 10.—Gilbert Everson, one of the few surviving Mexican war veterans in the United States, died here today.

### PACKING HOUSE EMPLOYEES TO VOTE ON STRIKE PROPOSAL

Union Executive Board Will Conduct Whole Strike Situation if Walkout is Voted—President Harding Shows Interest and Refers the Question to the Department of Labor

OMAHA, Neb., March 10.—A referendum strike vote of all packing house employees was authorized at a conference of workers' delegates late today as word came from Washington that President Harding had referred packing house labor situation to the department of labor for attention.

Ballots will be prepared immediately and sent out from the headquarters of the Amalgamated Meat Cutters & Butcher Workers' Union in Chicago, according to Dennis Lane, secretary.

### JURY QUICKLY FOUND FOR HAMON MURDER TRIAL

Purpose to Rush the Taking of Evidence

STATE MAY PRODUCE  
DEATH BED STATEMENT

(By The Associated Press.)  
ARDMORE, Okla., March 10.—Day for the trial of Clara Hamon for the trial of Clara Smith Hamon, charged with murder in connection with the death of Lake L. Hamon, late Republican national committeeman and prominent Oklahoma oil promoter and railroad man, state and defense counsel were prepared to push the case ahead in full swing. But five hours and fifty minutes actual court time and examination of 45 witnesses were necessary to produce the jury of which all members are men ranging in age from 33 to 73 years.

Tomorrow morning the jury will visit the hotel room in which Hamon met his death. Hamon and Clara Hamon had occupied adjoining rooms at the hotel for several years, and it was in one of the rooms that Hamon was fatally shot last November. Following the jury's inspection, the men will return to the court house and court will reconvene and presentation of testimony will begin.

Women Avoid Each Other  
The defendant attired in a blue suit watched selection of the jurors calmly today but with interest from time to time making notations in a small note book she carried. As Mrs. Jake L. Hamon, wife of the dead man and her children, Jake Jr., 19 and Olive Belle, 14, entered the court room, Clara Hamon betrayed no recognition and thrust the proceedings the two women, both seated in close proximity, avoided glances at each other.

Defense counsel predicted tonight that full testimony would be in by Saturday night if an afternoon session is held Saturday. State and defense attorneys failed to arrive at an agreement as to admissibility of evidence and the remark was made by both sides, "You go your way and we'll go ours."

Persons close to the prosecution said tonight that the state would probably make an effort to show that Hamon was not shot in Clara Hamon's room, but that he was in his room, probably lying upon his bed when the fatal shot was fired. There was also talk of a death bed statement to the effect that Hamon was shot without provocation in the nature of a physical attack upon the defendant.

#### PRUSSIAN CABINET SENDS RESIGNATION

Berlin, March 10.—The Prussian cabinet tendered its resignation today, in consequence of the recent elections. The ministry will continue to function, however, pending the formation of a new cabinet.

#### HOLLAND FIRMS FORM TRADING COMPANY

Amsterdam, March 10.—Fifty of the biggest firms in Holland combined today and founded the Netherlands-Battle Trading Company, with the object of establishing business relations and carrying on trade with the east European countries, including Russia.

The conference today resolved to vest full authority in the organization's executive board to "call and conduct the entire strike situation," if a walkout is voted in the referendum.

A long distance telephone message from Frank Morrison, secretary of the American Federation of Labor in Washington, informed Secretary Lane that the president had received the conference telegram sent last night and already had the matter under consideration. This telegram asked that President Harding use his influence to have the packers suspend their wage and hour changes announced to take effect Monday and submit the matter to arbitration.

Chicago Conference Wednesday  
Earlier in the day Mr. Morrison, telephoned Secretary Lane that he had called a meeting of all allied unions having members working for the packers to confer in Chicago at 10 o'clock next Wednesday morning. This conference will outline a plan of concerted action by all employees of the packing houses if a strike is called.

The resolution adopted by the conference of butcher workers' delegates today left the matter of a strike entirely in the hands of the union's executive committee. The conference went on record in favor of a strike however if President Harding does not succeed in inducing the packers to comply with the war time agreement. Arrangements for mass meetings and a campaign for membership were urged in other resolutions adopted by the conference. It was announced that a mass meeting would be held in East St. Louis, Ill. Saturday night and one in Chicago on Sunday.

Employees Position Outlined  
Washington, March 10.—The position of the packing house employees as regards the wage reductions announced by the packers was embodied in a memorandum left at the White House today by Frank Morrison, secretary of the American Federation of Labor. Mr. Morrison left the memorandum with Mr. Harding's secretary, George B. Christian, who said he would call it to the president's attention.

The president earlier had received a direct telegraphic appeal from the packing house employees as reported in the meat cutters and butchers' unions, who asked that he prevent the wage reductions and changed working conditions becoming effective Monday as proposed by their employers. The telegram as a matter of routine, was referred to the department of labor.

#### TWO SPEECHES BUT NOT MUCH TO THEM

Boston, March 10.—The voices of Lenin and Trotsky were heard in Boston today by way of the phonograph. Following his address at chamber of commerce luncheon, Sir Paul Dukes, former member of the Great Britain's secret service in Russia, put two records on a talking machine—one of the soviet premier and the other of his minister of war, both speaking the Russian people.

#### WEATHER REPORT

Illinois: Increasing cloudiness Friday, followed by rain Saturday. Colder in north and central portions.

Temperatures  
The current maximum and minimum temperatures, as recorded Thursday, were:  
Jacksonville, Ill., 46 53 69  
Boston 44 50 58  
Buffalo 38 58 56  
New York 46 52 56

The appointment of a committee to consider the advisability of building a state cement plant and establishing other enterprises to produce those things needed in the hard roads program, under some conditions might sound like a bluff. However, with the knowledge of the business methods of the present state administration, men who manufacture cement and other road building material will probably take notice.

One good provision of the general law for cities is that those with a population of 5,000 or under need not use the primary system in selecting their candidates. Not all small cities and

towns, however, understand this same provision of the law and primary elections have been held in some where the population was less than 1,000.

Boardtown is soon to vote upon the question of establishing a municipal park. If the people there find how much the establishment of Nichols park has meant to Jacksonville, they will certainly come near voting unanimously in favor of the proposition.

Evidently Elihu Root, recognized as at least the greatest American authority on international law, was not displeased because President Harding did not appoint him secretary of state. For it is said Mr. Root has agreed to assist the government in shaping its general policy with reference to world affairs. Probably Mr. Root could have had the secretary's portfolio had he been willing to accept it.

The appointment of Mr. Vanmeter as public administrator in Chicago has been confirmed by the state senate, and there was one vote to spare. No one at all informed in state politics had any idea that the governor would start the program of dismissing one administrator and appointing another if he didn't know where the necessary confirming votes would come from.

In Kansas, one of the agricultural institutions is considering a plan to make possible receipt of the weather dope several hours ahead of the newspaper. But, after all, what is the real value of a few hours earlier weather information for the farmer? He can't change the conditions, and the only possible benefit would be the occasional hurrying up or temporary postponement of some particular piece of work. Men have often wished they could divine the future, and as a general thing they have come back to the opinion that, after all, they are better off without too much knowledge of what future days will bring forth.

According to a Jacksonville citizen who was stopped by hold-up men Wednesday night, such an experience is very nerve-racking. It is not hard for the average man to understand he couldn't avoid a wabbling feeling if one man pressed the barrel of an automatic against his body while another rifled his pockets. But there are citizens who come forward with this much defense for the highway robber, and say that at least he is more of a man and has a bigger supply of nerve than the thief who sneaks into your house when the family is away and the danger is much less than the hold-up men encounter. Anyway, it's a bad business.

**THE STRENGTH OF THE CHURCHES**  
The church statistics gathered by the Christian Herald should give new courage to church people. There is quite a tendency to talk about the lessening influence of the church, and the statements are often heard that the church organizations are steadily losing strength. But the Christian Her-

ald figures go to disprove these assertions, for the church organizations of the United States gained 667,000 members in the past year. A number of the denominations lost churches, although the total membership was greater. These losses were due largely to the plans of church union, which were worked out in various centers in order to avoid duplication.

Commenting upon the Herald's summary, the St. Louis Globe-Democrat has this to say: "The idea that one strong adequate, aggressive church is to be preferred to two or more small weak churches of unworthy accomplishment is strongly urged by great religious leaders. If, to obtain the one church of strengthened force and enlarged efficiency, a merger of inefficient churches of different denominations is necessary, the toleration of the times does not oppose the plan."

Increase in the material resources of the church may be believed to be proportioned to its increase in spiritual resources. We may remember that there never was a time when the people were so habituated to giving as during the war and the promptings of generosity will continue. Eminent funds have been created for Christian education, missionary effort, church extension and other approved purposes. If more than over the church is judged by its works of benevolence as well as by the tenacity and purity of faith, it has the money, the membership, the spiritual armament, with which to fulfill the unrivaled opportunities of the twentieth century.

BUTTER QUALITY VERY IMPORTANT

Swift & Co. Local Manager Points to Advantage if Products are Improved.

United efforts for the improvement of the quality of American butter by producers, manufacturers and dairy experts are necessary at the present time in view of the foreign competition which the industry is facing. This is the belief of John Meany, local manager of Swift & Company. Not only should the farmer and manufacturer co-operate to improve the product, according to Mr. Meany, but aid should be obtained from the dairy department of the State University and the dairy extension department, as well as from the farm advisors of the various counties.

The produce plant manager pointed out that on February 26 the United States department of agriculture, thru its bureau of markets, quoted the Chicago market on butter as follows: 93 score butter 51 1-2 cents. 86 score butter 34 cents. "This difference in price is due to the actual difference in quality," said Mr. Meany. "The consuming trade of the United States is now being supplied, not only with the butter made in the United States, but with butter imported from Canada, New Zealand, Australia, Argentina and Denmark."

"There was considerable prejudice against Danish butter when it first made its appearance on our market in large volume last year, but the superior quality of this product has won for it an enviable position in the butter markets of this country. This is not due so much to the better methods of manufacturing, but rather to the fact that greater attention is given the care of the milk and cream on the farm. It is surprising to know that butter can be manufactured in Denmark and delivered in New York three or four weeks later, and be of uniformly better quality than the bulk of the butter manufactured in the United States."

"The higher markets which have recently prevailed in the United States will attract more Danish butter," said J. S. Hollenback, reported sailing from Denmark February 25th with 11,170 packages will arrive in New York about March 12th. It is expected this butter will find a ready sale at a satisfactory price.

"Co-operative efforts to improve the quality of our American butter should be taken up at once."

**FOREIGN WAR VETERANS PREPARE FOR BANQUET**  
Veterans of Foreign Wars at a meeting held last night made further plans for the banquet which will be given next Wednesday, March 16. This event is being planned especially for service men, those who were overseas. It will be given at the Paddock Inn and the principal address will be made by Commander E. V. Dickson of Chicago.

Another of the speakers will be Mayor E. E. Crabtree and Horace H. Banerott will serve as toastmaster of the occasion. A vaudeville and musical program will be given and the whole event promises to be one of more than usual pleasure.

**The new smaller shape hats for young men are shown by FRANK BYRNS Hat Store.**

**WOODSON STORE NOW UNDER NEW MANAGEMENT**  
Woodson, March 10.—J. H. Shirley has just purchased the business of the McAlister Mercantile Co., and will at an early date move to Woodson from his farm home five miles east of here. His son-in-law, Amos Harney, will be associated with him in the store. Mr. Harney has recently moved from the Smith farm north of town and is now occupying the Rube McGinnison property in Woodson.

Russell McAlister, who has been conducting the store is now associated with the new system bakery in Jacksonville.

**Guests tickets for the lecture under the auspices of the Woman's Club in Odd Fellows Temple Saturday afternoon are 50 cents and may be secured at the door.**

AGED RESIDENT OF MANCHESTER DIES

Mrs. Lucretia C. Ballard Passed Away at an Early Hour Thursday Morning — Chautauqua Is Planned — Other Manchester News.

Manchester, March 10.—Mrs. Lucretia Craig Ballard died Thursday, March 10, at 5 a. m. at the home of her daughter, Mrs. Geo. Matthews. Mrs. Ballard had been in very poor health since August, 1920, and for the past few weeks has been confined to her bed, and her death was not unexpected. She was 87 years, 1 month and 2 days old at the time of her death. A more complete obituary will appear later.

B. L. Spencer made a business trip to Jacksonville Thursday. Warren Jones and family arrived here Tuesday night from Texas, where they spent the winter.

Walter Scott, son Stanley and daughter Irene, spent Monday in Jacksonville.

Esther Blakeman, of Jacksonville, spent Wednesday night and Thursday with her family.

Mrs. William Pearce and daughter, Louise, went to St. Louis on Thursday for a shopping expedition.

Among those who attended the auto show in Jacksonville Wednesday were Mr. and Mrs. Elmer Sooy, Mr. and Mrs. Howard McCracken, George Blevins and Miss Ruby Shirley.

John Blakeman and family left Tuesday, to the James Cooksey house, in the south part of town.

Mrs. William Arundell and Miss Mabel Blackburn shopped in Jacksonville Wednesday.

Miss Clara Dawson, of Springfield, is a guest at the home of J. C. Robinson, west of town. Miss Dawson and Mr. and Mrs. Robinson attended the funeral of the former's cousin, Ivan Smithson, in Winchester, Tuesday.

Dr. Whitehouse, of Bloomington, was here Tuesday in the interest of the International Chautauqua System. He made arrangements for a four-days' Chautauqua to be held here between the dates of August 6th and 16th and procured fifty guarantees. This system offers exceptionally good talent and the Chautauqua promises to be very interesting in every respect.

Mrs. Meda Andras and Mrs. Priscilla Stephens spent Wednesday in Roodhouse.

C. D. Chapman and son, Russell, spent Wednesday in Jacksonville.

Mrs. S. C. Sykes, of White Hall, spent Wednesday with her parents, Mr. and Mrs. J. R. Blevins.

**See the Battery without separators, at the auto show. (The distress parts left out.) Illinois Tire & Vulcanizing Company.**

**DR. HIERONYMOUS IS WOMAN'S CLUB SPEAKER**

"Community Development" Discussed by Urbana Man at Meeting of Mound Woman's Country Club Thursday Afternoon.

The annual meeting of the Mound Woman's Country club was held Thursday afternoon at the home of Mrs. W. S. Jones on Mound avenue. There were eighty guests in attendance in addition to a large number of the members, and all found the afternoon's program an exceedingly interesting one. The program was arranged by Mrs. Jones, the president of the society, assisted by the other officers and G. B. Kendall, the county agent.

The principal address was by Dr. R. E. Hieronymous of Urbana, who discussed "Community Development." The speaker was introduced by Mr. Kendall and made some exceedingly worth while suggestions along the line of community betterment.

Dr. Hieronymous' presentation was such as to interest and inspire his hearers, in the greater community life. The speaker brought out many of the problems of modern community life and told from his wide experience, the means which communities employ to better conditions.

The large audience showed its intense interest and appreciation in the speaker's address. County Agent George B. Kendall was instrumental in bringing Dr. Hieronymous here and both the farm bureau and the Mound Country club feel that the speaker brought a worthwhile message to them.

A pleasing feature of the program was the singing of a group of songs by Miss Katherine Parker, who gave "Down in the Forest," "At Dawning" and "Smiling Through." Miss Esther Duncan served as accompanist.

A delightful social hour followed the formal program, the committee on this feature including Mrs. R. G. Vasey, Mrs. A. H. Doller and Mrs. G. Tendick. Excellent refreshments were served in the course of the afternoon.

**REMAINS OF MRS. CLUP TO ARRIVE THIS MORNING**  
The remains of Mrs. H. C. Clup, who passed away recently at her home in Topeka, Kans., will arrive in Jacksonville this morning and be taken to the O'Donnell Undertaking parlors. Brief services will be held and afterward interment made in Diamond Grove cemetery. Mrs. Clup will be remembered by many of the older residents of Jacksonville. She was the mother of Mrs. G. C. Rutledge, now resident of Chicago.

WINCHESTER WOMEN HAD CHICKEN SUPPER

Goodly Sum Realized from Supper Served by Methodist Women—Other Interesting News Items from Winchester.

Winchester, March 10.—The chicken supper served by the ladies of the Methodist church Thursday evening was largely attended and a goodly sum was realized from the undertaking. The menu was an excellent one and was served in a capable manner.

Mrs. R. H. Sperry left Thursday for St. Louis to visit at the home of Mr. and Mrs. Arch Albers.

Quite a number from the high school left Thursday for the district tournament in Jacksonville. Mr. and Mrs. George Hardwick and two little sons of Merritt were visitors in Winchester Thursday.

Rev. George W. Murray of Quincy arrived Thursday to visit his daughters, Mrs. H. H. Fletcher and Mrs. Sim Smithson, and his son, Melvin Murray, together with their families.

The meetings at the M. E. church are well attended nightly and there is manifest a great deal of interest.

Elmer Scott and wife have removed from the rooms over the Longnecker store to the property of Mrs. Canatsey in the northwest part of town.

Mrs. Anna Coultas and daughter, Miss Ruth, left Thursday evening for St. Louis to enjoy the Zigfield Follies.

J. U. Collins expects to hold a sale at his farm west of town Tuesday. The family will remove to Jacksonville to reside.

**Says He Had Rheumatism so Bad He Could Not Feed Himself But is Back in Splendid Health Now.**  
"Tanlac has relieved me of rheumatism and other troubles from which I suffered for three years, and has increased my weight twelve pounds besides," said E. T. Chodm, a well known merchant of Chatham, Ill.  
"The rheumatism in my right hip hardly ever let up at all and at times I would be almost helpless for hours. The muscles in my legs felt like they were drawn in knots and hurt me so I could hardly stand it. Then the rheumatism got into my arms and I couldn't put on my coat or use my hands to feed myself. At times my whole body ached so that it was almost unbearable. My kidneys were badly disordered and I was in such continual misery it was next to impossible for me to even get a good night's sleep. I had all kinds of medicines but they did me any good."  
"Before I had finished my bottle of Tanlac my kidneys were bothering me so much I could sleep better. Tanlac now put me in shape to where I never feel a touch of rheumatism and my kidneys don't trouble me particle. She pains have gone from my whole body and I can use my arms with perfect ease. I no longer sleep like a log all night and there is such a difference in the way I feel that words cannot express it."  
Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shrey. Wyle Drug Co., Franklin and Wally and leading drug store in all cities.—Adv.

Floyd and Russell Flynn were city arrivals from east of town.

### FARM BUREAU GROWTH RAPID

Increase From One In 1912 to Eighty-Nine in State Now Shown.

In 1918 there was one county farm bureau in Illinois. Today, according to the annual report of George N. Goffey, Illinois state leader in farm advisory work, there are eighty-nine counties with farm bureaus having a membership of 122,494 double that of the year before.

Eighty-six counties employ ninety-nine farm advisors and assistants, with well equipped offices. There are 1,313 townships or community organizations with their presidents, chairmen or other officials working under the county farm bureaus.

County farm bureaus, together with the Illinois Agricultural association, have organized or assisted in organizing seventy-six farmers' elevators, eighty-six wool pools which handled a million and a half pounds of wool, two hundred cooperative live stock shipping associations and two hundred and nineteen sales of pure bred stock at which 8,523 animals were sold.

Says Ernest Present.

"There is much unrest among farmers due to the stringent financial situation," says Mr. Goffey in his report "but it may have the effect of impressing upon the farmer the need of organization. The farm bureau accomplishments of the last year have been the largest in the history of the state."

The organized farmers of the state are contributing more than a million dollars a year to support their farm bureaus and a half million dollars yearly to the Illinois Agricultural association, which is their state bureau organization.

Under the direction of the college of commerce of the University of Illinois a budget system and uniform system of accounting have been installed in nearly all of the county farm bureaus and on hundreds of individual farms.

Sixty bureaus hold picnics. Sixty counties held farm bureau picnics last summer which were educational as well as social. There were 106 agricultural auto tours.

247,531 tons of limestone and 11,602 tons of phosphate for use in soil buildings were ordered by farmers thru their county bureaus and the Illinois Agricultural association.

"The next two or three years will be very important years in farm bureau work in Illinois," Mr. Coffey concludes his report. "The large memberships have brought increased responsibilities, but also increased opportunities."

Not only have the county farm bureaus and the Illinois Agricultural association organized farm production into a highly efficient business but they have also helped in the combatting of the chinch bug, the Hessian fly, grasshoppers, army worms and other enemies of good crops, according to the report.

### MR. STICKNEY WILL ACCEPT LOCAL CALL

Wisconsin Man Coming to Accept Pastorate of Congregational Church.

The Rev. George Stickney, assistant pastor of the First Congregational church of Appleton, Wis., has wired his acceptance of the call to the pastorate of the Jacksonville Congregational church, which was unanimously made on Wednesday evening. He expects to enter upon his work here on or before the first of May.

Mr. Stickney who is about 30 years of age, is a native of Fargo, N. D., the son of a Congregational preacher, who has for many years been one of the church's secretaries, and was educated in the public schools of Fargo, Fargo College and Chicago Seminary. While in seminary he was assistant pastor of the New England Congregational church, Chicago, in charge of its young peoples' work, and in charge of similar work at Burlington, Wis. After graduation from the seminary he was in charge of the church at Burlington until the opening of the war, when he became a Y. M. C. A. athletic director at Camp Grant. Later he became a chaplain, was attached to the 77th Division, A. E. F., was with that division in the Argonne in its great drive and was near Sedan when the armistice was signed.

Since the war Mr. Stickney has been assistant pastor at the Appleton church, which has 1,200 members, and has given special attention to the administrative work of the church and to its religious education among young people. He is a Boy Scout master and a member of the advisory council.

Mr. Stickney expects to marry, in August, the organist of the church at Appleton, who is the daughter of a minister and is much interested in the social work of the church.

Mr. Stickney, when here Sunday, was greatly pleased with the new Pilgrim Memorial at the local church, and with the possibilities it offers. While he was considering other offers, the splendid equipment of the church here and the opportunities in this field appealed so strongly that he has decided to come to Jacksonville.

### JUDGE LAYMAN IS NOW IMPROVING

In a letter to the Journal, Judge M. T. Layman writes that he is improving in a most satisfactory way and hopes to soon be able to resume his usual work in a short time. Judge Layman has been in a Chicago hospital for over two months, and his many friends will be glad that he is on the road to recovery.

### EXECUTOR'S NOTICE

Estate of John K. Long, deceased.

The undersigned has been appointed executrix of the last will and testament of John K. Long, late of the County of Morgan and State of Illinois, deceased, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House, in Jacksonville, at the May Term, on the first Monday in May next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 10th day of March, A. D., 1921.

Hazel Belle Long Norris,  
Executrix.

### PLAY IS PRESENTED BY BAPTIST LADIES

"New Neighbors" Is Entertainment Feature of Recent Meeting of Circle No. 2—Ladies Aid Members Entertained.

Members of the Pastor's Aid of First Baptist church were entertained Wednesday afternoon by the ladies of Circle No. 2 of the church. The special feature of the program was the presentation of a playlet, "New Neighbors," written and directed by Mrs. Gertrude Richardson, chairman of the circle. The cast was made up of circle members and all played their parts with great credit to themselves.

At the request of a number the play is to be repeated next Monday evening at 7:30 in the church parlors.

The following is the cast of characters:

Mrs. Obadiah Green, a widow, who moves to Jacksonville from the South—Mrs. Gertrude Richardson.  
Penelope, her eldest daughter—Miss Frances Alkire.  
Pamela Anne, her second daughter—Mrs. Hazel Wood Meyers.  
Bubbles, her youngest daughter—Mrs. Ed Young.  
Trixie, the maid—Miss Edith Stewart.

Hobbs Bobbitt and Buddie Drakover, admirers of the two oldest daughters—Mrs. Charles Patrick and Mrs. Walter Munhamer.

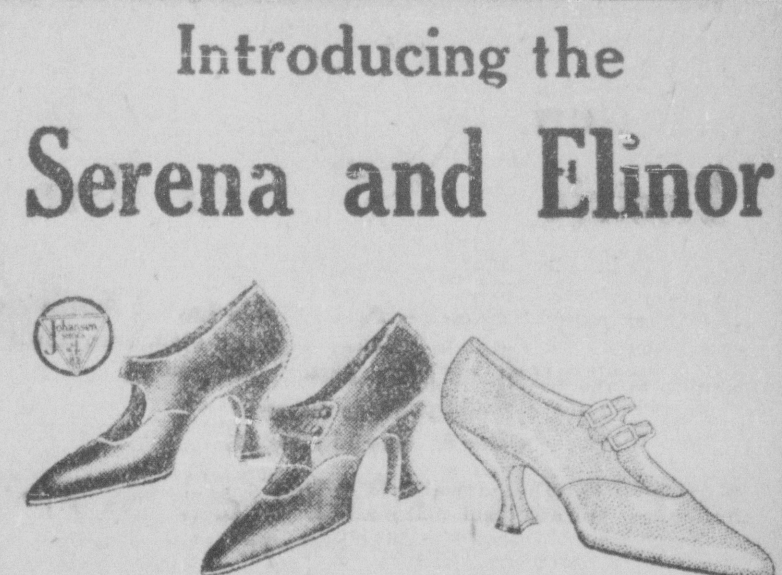

Young men desiring the metropolitan styles of CAPS will be pleased with the colors and prices shown by FRANK BYRNS Hat Store.

### PROBATE COURT.

In the estate of Laura A. Hess the will was admitted to probate and letters testamentary were ordered to issue to Mrs. Minnie Drake. The report filed by officials of the Franklin cemetery was approved.

In the estate of John H. Branner, the inventory and appraisal bill approved and the petition to sell personal property was allowed.

Mrs. J. T. Little spent Thursday in the city, shopping, from Alexander.

# The Auto Show and Merchant's Exposition

Has Exceeded The Expectations Of Even The Most Optimistic

Every person who has attended is loud in its praise

It Really Is A "Big City" Event

Something that ordinarily we in Jacksonville must go a long distance to see

## Band Concert Every Night

You have been reading the reports of the Show as they appeared in the papers, but at best little idea can be gained in that way. You will need two or three trips to see the show in its entirety.

## Attend Tonight

### JACKSONVILLE LOST TO SPRINGFIELD IN AN EXCITING GAME

(Continued from Page 1)

The officials, Brockman of the University of Illinois, and Sagle of Cornell University, are in charge of the tournament.

Both have had wide experience in this kind of work. We have been watching district tournaments since they started to play them and can safely say they gave the best exhibition of officiating ever seen on the local floor. Both keep the game moving, call the plays as they see them and the way they see them is usually right.

Coach Harmon of Illinois College, is official time keeper, the Ramsey Andrew of Illinois College worked for him at the opening games. Byron Cully of Illinois College is the official score keeper.

Principal Shafer who is in charge of arrangements must be complimented for the manner in which the crowd was handled on the opening night. Everything moved without a hitch and despite the immense crowd the playing floor was kept clear during the entire evening. The scores:

Pawnee	F. G.	F. T.	Tls.
Golightly, f.	2	2	6

**PITTSFIELD EASILY DEFEATED PAYSON**  
Quincy, Ill., March 10.—Pittsfield High defeated the Payson High School, 44 to 11, in the first game of the Quincy District High School tournament being held here. The tournament will close Saturday.

### GRANT PERMITS TO MAKE REAL BEER

New York, March 10.—Real beer—not near beer—will soon be obtainable in New York, as a result of a ruling by former Attorney General Palmer, made public yesterday, whereby permits may be obtained for the manufacture of beer for medicinal purposes containing more than one-half of one per cent of alcohol content.

Jacob Ruppert, president of a large brewery company, announced that his concern would begin manufacture of real beer immediately. Other large brewers said they did not expect to increase their output, but also would turn out some real beer.

### FORMER IOWA STATE AGENT IS ARRESTED

OSKALOOSA, Iowa, March 10.—Clyde Firabauk, former Iowa state agent was arrested at New Sharon today and is being held pending action of Sheriff Robb of Des Moines for investigation of his alleged connection with the holdup and murder of George A. Fossick, a grocer of Des Moines. Firabauk has also been implicated in Mahaska county arson cases of 1919, by Roy Elin, a witness in the trial of the state's case against L. A. Howell, indicted by a Mahaska county grand jury on a charge of arson which is now in progress.

### WILL ATTEMPT TO RUN PASSENGER TRAINS

Atlanta, Ga., March 10.—Partial resumption of passenger service on the Atlanta, Birmingham & Atlantic railroad will be attempted out of here tomorrow for the first time since the wage strike began last Saturday. It was announced today by B. K. Bugk, receiver.

Cork, March 10.—The authorities claim to have seized many revolvers, thousands of rounds of ammunition and eleven bombs in the house of Chancellor O'Rourdan, who was recently placed under arrest.

### EXPECT FEW CHANGES IN FOOTBALL RULES

NEW YORK, March 10.—The annual meeting of the intercollegiate football rules committee for consideration of proposed changes in the playing code of 1921 will be held here tomorrow. Numerous suggestions advanced by coaches and other authorities in college football will be discussed. It is the general opinion that no radical changes will be made. Among the suggested changes in the rules are:

That an extra period shall be played in case the regulation game ends in a tie.

That a game shall be based upon a certain number of plays instead of a certain number of minutes. That as soon as a safety has been scored play shall be resumed on the forty yard line instead of the twenty yard line. That the kick for goal after touchdown shall be eliminated. That numbering of players shall be compulsory.

### FLAMES THREATEN MANY OIL TANKS

NEW YORK, March 10.—Timely and effective fire fighting today thwarted a repetition of the spectacular and disastrous oil fire that swept thru the Sone and Fleming Works of the Standard Oil company in Brooklyn in September, 1919. Flames for a time threatened to lay waste to scores of 25,000 gallon tanks broke out at 10 o'clock, but before 3 o'clock preventative measures taken by the fire companies had restricted the conflagration to five tanks and had stopped its spread.

No official estimate of the damage had been given out late tonight, but the unofficial estimate was \$150,000. Six firemen were seriously burned.

The fire started, it was understood from the ignition of one of heated liquid flowing from the stills into the tanks affected. Soon huge billows of black smoke, almost blinding firemen, hung over Brooklyn.

### WILL BE ARRAIGNED ON WHITE SLAVE ACT

Passaic, N. J., March 10.—The Rev. Cornelius Densel, former pastor of Netherland Reformed church here, will be arraigned here on an indictment charging violation of the Mann white-slave act, before the April term of district court at Newark, Assistant District Attorney Pearce said today.

Densel is charged with taking Miss Edith Roberts, a singer in the church choir, from New Jersey to New York state for immoral purpose, on November 12. Densel is alleged to have promised the girl that he would marry her and desert his wife.

### OFFICIALS REVOKE VACCINATION ORDER

Rockford, Ill., March 10.—The parents of 2,200 pupils in Rockford schools are rejoicing over the action of city and state officials here tonight in revoking an order issued Tuesday making vaccination of school children compulsory under penalty of exclusion from classes, which resulted in more than 2,200 children being excused from their studies until they were vaccinated.

The decision defeats, by about 12 hours, a movement started by parents to secure a writ of injunction restraining the school board from carrying out the order.

### LENINE PREDICTS REVOLTS WILL END

LONDON, March 10.—Nikolai Lenine, Russian soviet premier speaking at the opening of the tenth All-Russian congress of the bolshevik party in Moscow Tuesday with reference to the recent events in Kransstadt predicted that the revolt in that city would be put down quickly, says a wireless message from Moscow today. Lenine declared the rising was organized by France in conjunction with social revolutionaries.

Lenine said the difficulties were bound up with the questions of demobilization, food and fuel and stated that the fast crisis was due to the fact that the bolshevik had attempted to restore industrial life too rapidly after the war.

### WEAVER DIRECT TAX BILL IS APPROVED

DES MOINES, Iowa, March 10.—The Weaver direct tax bill and the Schaffner rail crossing bill were the only measures to receive approval of the state senate today.

The Schaffner bill acquired five amendments before it was finally passed. In its present form it provides that danger signs must be erected at all crossings within one year, the expense to be borne by the railroads. A zone of 300 feet in length on each side of the tracks constitutes a danger zone in which automobiles must not run at a speed exceeding 15 miles an hour.

### BENNY KAUFF LEAVES FOR TRAINING CAMP

Chicago, March 10.—Benny Kauff of the New York National League baseball team, left Chicago tonight to rejoin his team in spring training at San Antonio, Texas, after an interview with Federal Judge K. M. Landis, baseball commissioner, today.

Judge Landis refused to reveal the nature of his discussion with Kauff, but it was declared in baseball circles that the interview was for the purpose of obtaining any information Kauff may have had regarding charges of gambling during the last Giants-Cubs series of 1919 in Chicago.

### ANOTHER VICTIM OF WARD FEUD

Chicago, March 10.—The political feud which has held the Nineteenth ward in terror for weeks, claimed its third victim today, when the body of an unidentified man who had been beaten to death, was found near the home of Alderman John Powers. The alderman was recently re-elected, after a bitter campaign, marked by violence and bombings.

Sixty suspects taken in connection with the assassination of

Paul Labriola and Harry Raimondi, who were killed on Monday, were in custody tonight, but efforts of police were frustrated by the veil of secrecy thrown over the killings.

Labriola and Raimondi were lieutenants of Alderman Powers.

W. G. Marshall, of Markham, was a business caller here yesterday.

Miss Edith Roberts, of Franklin, was shopping in local stores yesterday.

J. T. Green of Winchester was a visitor at the auto show Thursday.

### COUNTY CLUB WOMEN MEET AT LUNCHEON

Reports Made to Executive Committee of Federation Show Effective Work Being Done.

Mrs. W. T. Scott presided and Mrs. Frank Hunter was secretary of the executive board meeting of the County Federation of Women's clubs, held in Jacksonville, Thursday. Luncheon was given at the Peacock Inn and the business meeting followed immediately afterward. There were 18 members in attendance.

The report from Murrayville showed that the club there had been a large influence in the establishment of the domestic science course in the high school. The Murrayville club has 20 members and they were influential in creating sentiment and raising the fund that made this additional high school course possible.

It was announced that prizes will be awarded today in the poster contest, which the Woman's club is fostering for pupils of the high school and David Prince.

### ALLEN McQUHAE MADE STRONG APPEAL HERE

Irish Tenor's Interpretive Ability and Voice Quality Delighted Local Audience.

Music is a queer manifestation. Thousands study music a little; many give years of study to it and become professionals in one of its many branches. Few, very few, ever rise to the height of belonging to the Great Public thru their interpretive powers.

To this last exclusive circle belongs the tenor who appeared at Music Hall last night.

Mr. McQuhae had been well advertised and the support of the American Legion gave assurance of a fine audience.

Mr. McQuhae's personal history which has been briefly sketched in the press of the city had prejudiced its hearers in his favor, but neither the support of the American Legion in its ramifications nor the incident of his personal history were needed to sustain the interest that his first few phrases awakened.

Mr. McQuhae's voice has been likened to that of his famous compatriot, John McCormack, and surely the latter should welcome the comparison.

Mr. McQuhae has been marvelously endowed by nature with a pure tenor voice of great beauty; a voice that is vibrant and rings true at every test; a voice that responds to magnificent crescendo and rolls out in powerful tones that can never fade; a voice that can subdue itself to the most caressing pianissimo and never lack support. His interpretations are adequate without being overdone and his diction delightful.

His program of seventeen songs had six additions and he was obliged to repeat "The Fiddler of Downey." A request had come to him for "The Prologue" from Paganini, but as the music could not be found he substituted another song for his final encore, promising to sing the requested number at his next appearance here. Let us hope that this "next appearance" be not long delayed.

Mr. Douglas who appeared at the piano gave a fine account of himself as accompanist.

Musical people of Jacksonville are indebted to Mrs. Helen Brown Read for this evening of rare pleasure. It means much to carry the responsibility and financial risks of a series of concerts; it is doubtless no small part of the return to know that she has the support of the community.

Her season's work will close with the appearance in May, of the New York Philharmonic Orchestra; enthusiasm for this last concert of the season is already running high.

**HOMEMADE Cookies and Cakes fresh every day at the FEDERAL Bakery, 231 West State St.**

### WHAT IT MEANS TO GIVE A MILLION BUSHELS CORN

Since the Chicago Board of Trade is betting that the county farm bureau members of Illinois will not give corn to feed starving Europe and China to the extent of a million bushels, according to the Bloomington Pantagraph, the farm bureaus are making a special effort to reach that mark. They point out that the total crop of the state is approximately 280,000,000 bushels and that surely one million of this is a very small share to give to charity—less than one-half of one per cent.

But on the other hand there are some farmers who figure that it will be a difficult matter to supply a million bushels of gift corn for Illinois. They say that it amounts to 666 carloads of 1500 bushels each. When the gift proposition was first presented to delegates at the annual meeting of the Illinois Agricultural Association, only forty carloads of corn were pledged, no single county pledging over three cars. About thirty cars of the corn have already been shipped, and the highest number shipped from any one county was seven. But those who doubt that the million bushel mark will be reached, believe that not more than fifty counties will participate in the gift corn, and that to reach the mark each must give 22 carloads.

### FAVORITE LODGE CONFERS RANK OF KNIGHT ON 18

The rank of Knight was conferred upon a class of 18 at a meeting of Favorite Lodge No. 376, Knights of Pythias. The committee reported that all is in readiness for the program to be given Saturday night, and the occasion promises to be one of much interest and enjoyment to all. Last night's class included the following: A. Lee Davis, Robert Felch, Lewis W. Maulding, Arthur Haley, M. Raymond Smith, Ollie Fenstermaker, Walter Brockhouse, French Forward, H. T. Sanderlin, Harold Downs, Paul Hempel, Clarence Seigfried, Harry E. Craig, Alexander Armstrong, Dewey Gillis, Leslie Crouse, John J. Davis, Turner Cully.

Favorite lodge is constantly increasing in strength and its officers work continually for the best interests of Pythianism.

### IONA COUNCIL MEETS.

Iona Council of Pochontas No. 97 held a regular meeting last night with a large attendance. Four candidates were passed upon and the degree team conferred the degrees upon two candidates, Frank Brown and Mrs. Mary Brown. The whole occasion was one of special interest to the lodge members.

## AUTO SHOW

And Look It Over

Consider these outstanding advantages in the Liberty Motor:

Complete force feed lubrication system.

Automatic control of oil pressure in proportion to speed and power.

Four bearing crankshaft—greater bearing surface area.

Four bearing camshaft—free from vibration.

Three detachable, interchangeable cylinder heads.

Fully enclosed valves of special nickel steel—all valves interchangeable.

Thermo-siphon cooling—larger water passages, notably around cylinder walls and valves—unusual cooling area.

Perfect fuel preparation. Thorough system of carburetion, aided by exclusive Liberty "Hot Chamber" and ingeniously designed intake manifold.

Long stroke motor—five inches by 3 1/4 inch bore.

Full fifty-three horsepower at 2300 R.P.M.

## BERGER MOTOR CO.

"Boosting Jacksonville" is the subject and the posters all relate to topics tending toward city improvement. Miss Harriet Seibert is chairman of the art committee and reported on this poster contest.

Several months ago Mrs. Gelhorn visited Chapin and urged upon women the duty of making the best use of their new rights of citizenship. Mrs. F. M. Roberts was able to report yesterday that as a result of that address a school for better citizenship is now being organized in Chapin. The program for the annual federation meeting is in the hands of a committee which includes Mrs. A. L. Adams, Mrs. Ben Linton and Mrs. L. B. Turner. The committee on arrangements was appointed yesterday and includes Mrs. A. A. Curry, chairman; Mrs. Frank Green, Mrs. William Cleary, Mrs. Earl Rexroat, Mrs. Samuel Darley, Mrs. C. T. Daniels, Mrs. Ray Vasey, Mrs. Julia Little and Mrs. W. V. Anderson.

The precinct heads, who are all vice presidents and the Jacksonville vice president, made up the guest list at the meeting yesterday. Mrs. J. M. Miller is the vice-president from this city. Mrs. Van Cleary from Chapin, Mrs. Ray Vasey from Markham, Mrs. W. V. Anderson from Chapin, Mrs. Carl Rexroat from Linton, Mrs. A. A. Curry from Pisgah, Mrs. Julia Little, Alexander, Mrs. Frank Green, Sinclair, Mrs. S. B. Robinson, Murrayville, Mrs. E. E. Mason of Alexander, and Mrs. Sam Darley, Franklin; Mrs. Luella Henry, Woodson.

The committee chairmen present included Mrs. Will Arnold, of the Thrift committee, Mrs. Arthur Seymour, Home Economics and Pure Food committee, Mrs. F. M. Roberts as chairman of the Civic board, Mrs. B. B. Linton, the press and publicity chairman, and Miss Harriet Seibert the Art committee chairman.

This strong organization is making itself really felt in the life of Morgan county.

Home talent play by M. W. A. Booster Club, M. E. church, Merritt, Ill., Mar. 12. Admission 15c and 25c.

### DISCIPLES OF CHRIST TO MEET AT CAPITAL

National Congress Will be Held at First Christian Church in Springfield May 9 to 11.

A national congress of the Disciples of Christ will be held at First Christian church in Springfield, May 9 to 11. The meeting is for the purpose of discussing religious problems and men of national standing will participate in the program.

The congress will be attended by about five hundred ministers of the Christian church. Three sessions will be held daily.

The congress was to have been held in Springfield last spring but was postponed on account of national prohibition. Rev. William F. Rothenburger, pastor of First Christian church, is vice-president of the organization. Other officers are: President, Rev. John E. Pounds, pastor of the College church, Hiram College, Ohio; secretary, W. E. M. Hackleman, Indianapolis, Ind.; treasurer, Rev. Roger T. Noon, Frankfort, Ky., and member of the executive committee, Rev. Charles H. Winders, Indianapolis, Ind.

Headquarters will be at the Leland hotel and all sessions will be held at First Christian church.

### JACKSONVILLE GRADE TEAM DEFEATED AT CHAPIN

Chapin, March 10.—The Chapin grade team defeated the Jacksonville eighth grade team in a basketball game here tonight, the score being 26 to 4. It was an interesting game throughout and was witnessed by a large assembly. The Jacksonville players didn't seem to be able to hit the goals, however, and the game resulted in the one-sided score indicated. The line-up and score of each team follows:

Chapin — Lee Smith, f, 2 points; Denoon Brewer, f, 6 points; Donald Roberts, c, 10 points; Henry Smith, g, 8 points; Vernon Campbell, g, no points; total 26 points.  
Jacksonville — Blesse, f, no points; Norris, c, no points; Clancy, g, 2 points; McNamara, no points; total 4 points.

# The Arcade

# New Home Sanitarium

Incorporated

A Private Surgical Hospital

Thru its Public Health Department Says:—

Man owes to himself, his family and friends to produce all the happiness and sunshine possible in this old world. We are believers in the fact that that life is worth most which helps most and makes possible happiness to the largest number. We know that sometimes we see clouds where sunshine really is—but you

remember that even the sun goes down in despair every evening to rise all brightness and smiles the next morning. Be a sunshine if you wish to make the world happier and brighter—for the man who peddles sunshine will get there every time while the man who peddles clouds will always be left behind.

Then we will expect you to join with the Auto Association from the 7th to the 12th inclusive, in looking over and inspecting the latest means of cutting short otherwise long distances and making a pleasure of otherwise burdensome tasks.

To enjoy all of this and other means of extracting happiness from life, you should have a Healthy Body and if you don't own that much of the world's goods—you should lose no more time in making your wants known at the New Home Sanitarium, Inc., 323 W. Morgan Street. There is where diseased and foreign bodies leave you while you sleep. What a beautiful awakening—to open your eyes like the rising sun—ALL BRIGHTNESS AND SMILES.

Be Sure and Visit This Institution During the Show.  
YOU ARE WELCOME

# COPIES OF FAMOUS PAPER ARE FORGED

This Is Belief in the Matter of the Ulster County Gazette Containing Account of Washington's Funeral.

Chicago—Perennially and usually about this time copies of the most noted newspaper forgery of the country—the Ulster County Gazette of Jan. 4, 1890, with its account of Washington's funeral—comes to light. The only other newspaper imitation of the kind that compares is the duplication of the Vicksburg Citizen printed on wall paper during the siege in 1862.

"I doubt if there is a genuine copy of the Ulster County Gazette of that date in existence," Edward A. Henry, who is in charge of the University of Chicago's collection of old newspapers, said here today. "At any

rate, I have never seen one, nor do I know of anybody who has.

"Wilburforce Eames of the New York Public Library told me half a dozen years ago that he had made the most careful examinations of copies of the Gazette submitted to him as genuine—even to chemical analysis of the paper—and have almost come to the conclusion that there never was an original.

"At the Library of Congress I was told they had 26 different editions. The New York Public Library list nine in its latest catalog. We have three, each different from the other.

"I suppose there was once a genuine Ulster County Gazette of the date named. The fact that the Wisconsin Historical Society, which has the largest collection of old newspapers in the middle west, lists two copies of an Ulster Gazette for Aug. 18 and Sept. 22, 1894, strengthens this belief.

"The account of Washington's funeral is accurate and interesting. No fault can be found on that score, although I think reports of the funeral in other papers of the same time are in several instances still more striking. "It may have been that many years after the funeral some printer probably in the vicinity of New York, for Kingston, Ulster county, is on the Hudson, thought to produce something of interest to voters and profit to himself by making a facsimile of an original account. Had he taken a New York paper, the duplication could have been instantly detected and perhaps for this reason the obscure Ulster county paper was made to serve.

"The trick evidently went well and perhaps this same printer that put out many of the subsequent editions. That is all supposition of course, but there is no doubt of the multitude of editions. Their genuineness only an expert can pass on in most cases. The test is the paper. Most of these copies were made before 1850, but not early enough to have used the fine linen rag paper of 1850. That soft paper will be good for many hundred years yet, while the earliest Ulster County Gazette we have are already badly discolored.

"Variations are found in the printing of the different editions of the same date. In two of our copies the name of the paper is set in italics, in the other it is not. The enterprising publisher of the newest of our forgeries added the word 'copyright.'

"Perhaps the people of the day recognized the Ulster County Gazette in circulation as more facsimiles. But no doubt many treasured them up as genuine. Every now and then one turns up in a trunk in some old attic and the finder thinks he has a great prize. The University of Chicago has half a dozen copies submitted to it every year. We are greatly interested in old newspapers—but we are buying no more Ulster County Gazettes reporting Washington's funeral."

# BEDBUG IS NOT GUILTY

Washington—"Probably innocent" was the conservative verdict returned in a public health bulletin in the case of Cimex lectularius, alias bedbug, indicted for alleged complicity in spreading of disease germs. Four others indicted with C. lectularius, however, Messrs. Flea, Louse, Mosquito and Fly, were convicted by the doctors out of hand and sentence of death thru public co-operation imposed.

# INTRA-MURAL TOURNEY IS NOW ON AT ILLINOIS

Eighty Two Teams Contesting for Basketball Honors at State University.

Urbana, March 9.—With the conference basketball season finished, students at the University of Illinois are directing their basketball tournament, that is interests toward the Intra-Mural now being held. Eighty-two teams, representing fraternities, clubs, and various societies, and having a roster of 1,100 players, are playing off schedules to determine the school championship and the ownership of many valuable trophies.

These teams are managed and coached by members of the coaching school, who get much valuable experience in the actual handling of the teams. Many star players are uncovered each year, and become members of the Varsity squad, as soon as they show promise.

This scheme of inter-class and intra-mural sports was started by George Huff, who has always maintained that athletics in a school are not for the special benefit of a few, but for everyone. Two years ago E. J. Manley was appointed in charge of these school sports and under his guidance a valuable system has been worked out.

Last year over 2,900 students took part in the various sports of basketball, football, baseball, boxing, wrestling, swimming, and soccer. Competition of this sort not only tends to furnish the student with exercise, but also creates great interest in the sport itself.

It is George Huff's idea that with the proposed new stadium, there shall also be provided an enormous recreation field, composed of many football fields, baseball diamonds, tennis courts, skating rinks, equipped with every facility and accommodation for use. With these accommodation and with the members of the coaching school giving skilled advice on the various sports, every man in school will have the advantages which are now available to only members of the Varsity teams.

# LUMBER MILLS HARD HIT BY HIGH FREIGHT RATES

Green Bay, Wis., March 8.—The new high freight rates for saw logs, which will go into effect on March 14, when saw log rates will be determined by weight, will work a decided hardship on many lumber mills in Wisconsin, Michigan and other states where lumbering is an industry, it is declared by lumbermen here. Determination of weight of logs will make rail changes about \$7.50 per thousand feet, lumbermen say. The mills which will be mostly effected are the ones which get their logs by rail from points in Northern Wisconsin and Michigan. The former rates were \$3.50 per thousand feet, which was afterwards increased to \$4.16 1-2, and later another raise sent the rate to \$5.50 per thousand feet, the latter price being paid at the present time. One thousand feet of logs weigh approximately 14,000 pounds.

It is the opinion of the saw mill owners that the increase in freight rates for logs may close many mills and lumber camps in the northern woods. Many million feet of timber has been cut this year, they said, and the logs are lying where they have fallen, due to the inclement weather. Not enough snow has fallen to take the logs to the railroad to be shipped to the mills.

It is said by lumbermen that to remain in business a lower freight rate than \$7.70 per thousand feet will have to be had for lumbermen who get their supply of logs by rail.

Extraordinary exhibit of Ladies Ready-to-Wear Garments and Millinery specially priced during Auto Show at HERMAN'S Popular Store.

# DISCUSSES U. OF I. SHARE IN FINANCES

Champaign, Ill.—By The A. P. —The ratio of the University of Illinois' share in the total state appropriations has decreased nearly 50 per cent since 1911, according to President David Kinley, discussing the university's requested appropriation this year.

"The total state appropriation has increased 108 per cent since 1911, while that to the University has increased 10 per cent in the same period," Dr. Kinley said.

"The grand total of taxes levied for all purposes in Illinois in 1915 was \$124,813,482. Out of each dollar the University got two and 1-20 cents. In 1919 the total sum of taxes levied was \$190,581,361. Out of every dollar the University got a cent and a half."

# NORTH DAKOTA FARMERS HAVE NO WHEAT

Fargo, N. D., March 8.—Farmers of the western section of North Dakota are not planting wheat this year because they have no wheat to plant and because they haven't the money with which to buy seed, says Gordon Randlett, director extension division state agricultural college.

"Unless the federal government takes speedy action to help them out, there will be very little wheat planted in that country," he said, recently. "Many individuals have no money and there is little money in that section of the state."

Agents of various extension departments of the college tell stories of extreme poverty bravely endured by these residents of the Missouri Slope section of the state.

# MANY TEACHERS ARE RETIRED

Springfield, Ill.—By the A. P. —More than a thousand public school teachers of the state have retired under provisions of the Illinois Teachers' Pension and Retirement fund since the fund was created by law six years ago, R. O. Clarida of the teachers' pension department reports.

Of the number of retiring teachers 919 retired on the full annuity of \$400 a year. Ninety-two retired on disability, receiving annuity according to the number of years they have served as teachers. All of the 92 had rendered fifteen or more years of service. Sixty-two of the teachers who retired have since died.

Cook county leads in the number of retired teachers with 55. Adams, Knox, LaSalle and McLean counties are next with 36, 32, and 30 respectively. Schuyler county is the only one in which no teacher has yet taken advantage of the pension fund law.

While the pension law is still considered to be in an experimental stage, Mr. Clarida said thus far it has proven itself very satisfactory. At the present time 20,000 teachers in the first class pay a compulsory assessment of \$5 a year to help maintain the fund. About 6,000 others contribute voluntarily. Mr. Clarida stated that the assessment will not be raised for the present.

Funds secured from other sources bring the total money available for pension purposes in the year 1920-1921 up to \$533,155.36.

# IN YE OLDEN TIME

Hoop Skirts Were Worn by Those Who First Asked the Druggist for Dr. Pierce's Herbal Medicines.

Pekin, Ill.—"I can highly recommend both Dr. Pierce's Golden Medical Discovery and Favorite Prescription as safe and reliable home remedies. I have taken at various times for more than twenty years, when I have been run down and nervous, or suffering with stomach disorders. My mother lived to be eighty and had a great deal of comfort from both the Discovery and the Pleasant Pellets. These medicines strengthened her digestive organs and without a doubt prolonged her life."—Mrs. Sarah F. Crandell, 427 Ann Eliza street, All druggists.—Adv.

UNITED STATES NAVY  
MEN HAVE TROUBLES

Strange Language, Strange Money and Other Things Make Lots of Trouble and Considerable Fun for Members of Fleet.

The combined Atlantic and Pacific fleets of the United States Navy have been engaged in maneuvers off the west coast of South America and have visited a number of important ports on that coast. The submarine stories of incidents were written by a correspondent who accompanied the fleets.

On Board Battleship Pennsylvania, Flagship of Atlantic Fleet, Callao, Peru, March 9.—A strange language, a still more puzzling currency and exchange rate and a strike of chauffeurs and coach drivers during the Atlantic fleet's visit to Peru, did not prevent American sailors from filtering into every nook and cranny of Lima, seven miles from this port, from the humblest saloon to the cathedral.

They may have lost a little in exchange or paid more for a meal than the average Peruvian, but the smiling store keeper and cafe manager found it saved them time and trouble to have their bill agree with menu prices and their change correct. For instance:

In one of the best, the tanned bos'un called for the bill for himself and three companions.

"No," he declared, "it's too much; you haven't looked at it yet," one of his friends remarked.

"It's always too much for the first time," the bos'un replied, without moving his hand from the pile of Peruvian currency he had placed on the table. "I've been in France, and I know."

A long argument ensued, in English, by the sailor and Spanish by the waiter. Finally the latter retired with a gesture of despair and a captain took his place. "He, too, quit after prolonged argument and many gestures.

"He's gone to call the cops," ventured one of the cops.

"No, he won't," affirmed the bos'un. "They know they've boosted this bill, and they don't dare."

The head waiter came, tried his ten words of English and beat a retreat, to be replaced by the manager of the hotel.

"Look here," said the bos'un, after ascertaining that the manager understood him, more or less. "That waiter tried to gyp us. He said we owed twelve of these cigarette papers (pointing to a Peruvian sol, worth about 45 cents). I figured it up from the menu, and we only owe eight. How about it?"

The manager glanced at the bill and then at the bos'un. "All right," he said, and bowed the four out.

"What did I tell you?" were the last words of the bos'un, as he reached the street. "I saved each of you guys four bits."

The navy's "Four N's" yell echoed for the first time from the high, vaulted ceilings of the aristocratic National club of Lima during the visit of the Atlantic fleet and created a scene seldom equalled in that magnificent relic of the Spanish occupation.

## NOTICE OF EXAMINATION

## HAVE A CLEAR, VELVETY SKIN

Let Stuart's Calcium Wafers Clear the Complexion of Pimples and Such Blemishes and Note How Beauty Comes.

All girls realize that today we are living in an age of beauty. A clean, velvety skin is a sure stepping stone to success. Unightly faces filled with pimples, discolorations, blackheads, etc., are out of tune. They are a discord and are nothing but unhealthy faces due to blood impurities. Cleanse the blood with Stuart's Calcium Wafers and the facial blemishes disappear.

Stuart's Calcium Wafers show their influence in the skin where they improve and clear the blood. And you'll never have a good complexion until the blood is improved.

No matter how bad your complexion is, Stuart's Calcium Wafers will work wonders with it. You can get these little wonder wafers at your drugist's for 60 cents a package.—Adv.

## NEW YORK RESIDENT VISITS LITERBERRY

Mrs. Nannie Acken, of Poughkeepsie, N. Y., to Spend Extended Period in Literberry—Other Interesting Items From Literberry.

Literberry, March 9.—Mrs. Nannie Acken of Poughkeepsie, N. Y., is visiting at Harmony Cottage with the Scribners. Mrs. Acken first made a visit to Sioux City, Iowa, going from that city to Waggoner and Jerseyville, Ill., then to Literberry, where she will make an extended visit before returning to her New York home.

The pupils of Literberry College who took the Central examination last Friday, made good percentages. There was much sickness in the town and school was closed for a time. We congratulate the boys and girls on their good work; also the teacher who so faithfully taught them.

W. E. Murray returned to his home, Seven Gables, Wednesday, after a very pleasant visit with his daughter, Mrs. Mary Vastine, and family, at Hastings, Neb. Mr. Murray thinks Nebraska a fine country.

We are in receipt of a letter from Miss Frances English, now of Tucson, Ariz., in which she speaks in glowing terms of the healthful climate, the kind hearted people and sunshine every day, but she and Grampa Nichols would be glad to see some Illinois blue grass and would enjoy a refreshing spring shower.

Little Helen Mullens, who came home from the Passavant hospital about ten days ago, is up and around, playing with the other children. She is doing well after such a serious operation.

## FARM BUREAU NOTES

## Big Demand for Soy Beans.

Inquiries are coming in fast for soy beans. Some farmers are planning to put soy beans in every hill of corn for the soils sake. Farmers who feed shock corn or use the corn for silage are going to try the Virginia variety this season. This bean has tendrils like a grapevine and clings to the corn so that the shock corn on silage will contain this high protein feed. Fred Mueller of Orleans raised the Mongol last year and did well. He obtained 120 bushels of seed from 20 acres. He expects to plant the same variety this year for a main crop but will try a few of the Virginia.

## Iowa 103 and Iowa Seed Oats

The farm bureau was instrumental in bringing into the county last year some very choice Iowa 103 seed oats. Wm. G. Richardson, C. H. Gibbs, R. R. Benson, Leslie Lewis, Ed Pearson, H. J. Rice, R. S. Wood and R. S. Hamilton report very satisfactory results. Inquiries have been made about a new variety in Iowa. From answers received from farmers in Iowa, we have information that the Iowa has not yet proved superior to the Iowa 103.

## Alsike Clover

J. G. Bergschneider of Franklin made a big hit with alsike clover last year. He is now finding a ready sale for the seed among his neighbors and surrounding counties. L. C. Hess of Concord, W. E. Masters of Murrayville, Coy Palmer of Clements Station and Frank J. Ring of Woodson are going to seed small acreages of this crop for the first time this season. This clover will grow on land either too wet or too acid for red clover.

## Lower Incomes.

If the incomes of the farmers we have assisted in making returns are a true guide, the revenue from the tax on farmers' incomes will approach the vanishing point. Quite a number who paid surtaxes in the fat years are not paying any during the lean. The falling prices certainly cut the revenue of the farmer but of Uncle Sam as well.

## Farm Labor.

Farmers and laborers are slow in getting together. Married men are receiving from 40 to 50 per month with numerous extras. Single men, if experienced are getting around the 40 mark. The disposition to cut prices has caused the hiring game to move slowly. However, both farmers and farm hands seem to appreciate the fact that the farm bureau office is a free employment office for farm labor.

## Community Adviser Here.

Dr. R. E. Hieronymous, community adviser at the College of Agriculture, will be here on Thursday and Friday. On Thursday afternoon he will speak to the Mount Woman's Country club at the home of Mrs. W. S. Jones. On Thursday evening he will address the executive committee and township chairman at the Farm Bureau office and on Friday he will speak at the noon day luncheon of the Rotary club. Any interested party is welcome to attend the meeting at the Farm Bureau office Thursday evening.

## PERUVIAN DINNERS ARE REAL THING

Washington.—When I whispered around Diplomatic Row here that a "Peruvian Dinner" is in the making, there is a smacking of lips and brightening of eyes in anticipation among the lucky ones who may be invited. For while Senor Don Frederico Alphonso Pezet in his official capacity of Ambassador extraordinary and minister plenipotentiary from Peru, officially he is an artist, a composer of culinary symphonies. And he plays 'em too, not on any frivolous chaffing dish, but on a regular businesslike ga range. The score of more embassy attaches and other folk who are invited to these informal dinners agree that Senor Pezet's ability to plan a dinner, then execute it with pot, pan and skillet and finally preside at the feast as a host is unequalled among his diplomatic colleagues.

## ITALIAN DRIVER TO RACE HERE AGAIN

Dario Resta Will Try to Capture Indianapolis Speedway Classic This Year — Big Money Winner in 1915 and 1916.

INDIANAPOLIS, March 10.—Dario Resta, one of the most spectacular foreign race drivers and positively the most successful invader, has signed to drive in the sensational 500-mile dash for glory and gold over the speed saucer of the Indianapolis Motor speedway, Monday, May 30. Resta will pilot a Sunbeam, a British-made car.

In his invasions of 1915 and 1916, the famous driver grabbed more than \$82,000 in prize money, but success in the Indianapolis event will undoubtedly net him more than the two years' campaign. Thirty seven thousand, seven hundred and fifty dollars was Resta's share of the winnings in 1915, but he was closely followed by Gil Anderson, of the Stutz team, who was but \$750 behind. However, the entire Stutz team in that year dragged down \$81,651, almost twice as much as any other outfit.

Resta was piloting a Peugeot in 1915 and 1916. In his first appearance at Indianapolis he was second to DePalma, who won the race in his flying Mercedes. Resta won the Chicago 500-mile Derby and then annexed the special invitation races at Chicago and Sheepshead Bay. In 1916 Resta drove his Peugeot to victory in six of eleven events, and in 1924 miles of driving garnered \$44,400 prize money and 4,100 points in the A. A. A. championship, being the first driver to be crowned king of that organization. It was this year that Resta won the Indianapolis 300-mile race, repeated at Chicago, lead the field in a 150 mile event at Omaha, won two subordinate races at Chicago and closed his successes with a win in the Vanderbilt cup race.

Resta is an Italian by birth but has resided in England for so many years that he has become inculcated with British mannerisms of speech and customs. He is now the Sunbeam dealer in New York. His first race was in 1907, when he piloted a Mercedes in a 40-mile contest at Brooklands, but was disqualified on a minor technicality, after leading the field to the tape. Later, the same season, after capturing three big events at Brooklands with a 90-horse power Mercedes, he went to France, where he won the Prix de la France, run on the course in the vicinity of Boulogne.

Resta cast his fortune with the English Sunbeam team in 1912. In 1914 his car was the first Sunbeam to finish at the Amiens Grand Prix, trailing three German Mercedes and Goux Peugeot over the tape.

Resta came to Indianapolis with a Sunbeam in 1919, but after giving the car a thorotryout over the Indianapolis track, decided it could not be gotten in shape for the grueling test and shipped the job back to England before race time. He is one of the most capable drivers that ever entered racing competition in America. In his campaigns he was always the man for racing teams of two or three cars, who hoped to eliminate the Italian and win hands down. But, as a lone wolf, he was successful, and his thrilling performances brought him into the limelight.

Resta will be in fast company

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lasy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

## WOMEN JURORS ARE CAUSING DISCUSSION

England Press Filled With Articles Both For and Against Women Jurors—Greatest Objection Is Serving in Divorce Cases.

London—A storm of discussion, both commendation and condemnation, has swept through London newspapers as the result of the innovation of having women serve with men as members of juries in divorce cases.

The first mixed jury to sit in the London divorce court has been unable to agree on a verdict and been discharged after hearing the case for four days.

In the comment on the proceedings, newspaper editorials and the contributed communications of readers have discussed principally the propriety of obliging women as members of the jury to examine all the evidence submitted.

In this case counsel for one of the parties to the action announced that he had evidence to submit which he did not consider it proper to place before women jurors. The judge said he was helpless in the matter but ultimately only the men jurors examined the evidence.

Sir Edward Marshall Hall, counsel for one of the parties, said that this was the first case he had ever conducted before a mixed jury and that he hoped he would never have to deal with a case of such a nature again.

"It is undeniable that there are many cases in which the assistance of women will be of the greatest value to the court," said Sir Edward, "but there are other cases in which, from the nature of the evidence much will have to be discussed before them it is undesirable that they should serve."

Sir Edward's comment evoked a hot retort from George Bernard Shaw, playwright, who writing to the Daily News "as a member of the male sex," took issue with the views of the barrister.

Sir Edward Marshall Hall's assumption that his sensibilities in this matter are less delicate than women is not only unfounded but extremely offensive," wrote Mr. Shaw. "Why in the name of common sense did this blushing barrister exclude six jurymen from the apology which he thought it necessary to make for presenting them (some of the exhibits in the case) to the six jurymen?"

## DAVIS SWITCH

Morgan county was visited by a fine rain last Sunday.

Many of the farmers are busy putting in oats, the weather being so fine. Some have their gardens made.

Mr. and Mrs. Claude Winter entertained at their home, south of the city, recently, Mr. and Mrs. Fred Tendick, Mr. and Mrs. Geo. Barnhart, of Jacksonville, and Mr. and Mrs. Porter Bell. All report a fine time.

The families of William Paul and Mrs. Costello and Mrs. McManis are ill with the measles. Mrs. Otto Grimmett and children are spending a few days with her parents, Mr. and Mrs. Sam Butler, before going to their home west of the city on the George Hill farm.

Mr. and Mrs. O'Meara have both been quite poorly for a few days, but at this writing are some better.

Mr. and Mrs. P. J. Woulf and son and Mrs. Jack Leach, Mrs. Irvin Wath and son William and Mrs. M. Welch spent Thursday afternoon with Mr. and Mrs. O'Meara.

Harry Cain, who was sick with diphtheria, is able to be out again. Mrs. Howard McGee and Mrs. Leach were recent visitors with Mrs. William Paul.

Homer Winter and family have moved from their farm, south of the city, to Jacksonville, and are now living on South East street. At present they are all sick with measles.

Miss Irene Woulf has returned to her home, south of the city, after spending two weeks with her sisters in Peoria.

## BRITISH STATESMAN WILL GIVE LECTURES

CHICAGO.—By the A. P.—Sir Arthur Steel-Maitland, noted publicist of Great Britain, joint parliamentary under-secretary of state and head of the British department of overseas trade, will begin a series of lectures in "The Relation of the State to Industry and Commerce with an Especial Examination Into Foreign Trade," at Northwestern University tomorrow night. The lectures will deal specifically with these subjects:

"Causes of the Demand for State Control," Friday evening.

"What is Meant by Nationalization," Monday evening.

"Characteristics Making State Control More or Less Applicable to Individual Industries," Tuesday evening.

"Can Anything Be Learnt from the War?" Wednesday evening.

"The Problem of Foreign Trade," Thursday evening, March 18, the conclusion of the lecturer on the general topic.

Sir Arthur speaks as the Norman Watt Harris Lecturer for the year. These lectures were established in 1905 and in the interim Northwestern University has been visited by leading thinkers, educators and men of affairs. Walter Leaf, London banker and financier, was a recent Harris lecturer, but during the world war the series was interrupted.

Sir Arthur became parliamentary under-secretary for the colonies in 1915. He is the author of various reports and publications on industrial and social-economic questions.

## CONDITIONS OF COUNTRY ROADS

Chicago.—By the A. P.—Says the weekly report on road conditions issued by the Chicago Motor Club:

Roads leading out of Chicago are in a very good condition. Many stretches that were somewhat rough have worn smoother. Gravel and dirt roads have been dragged and are in a fine shape.

Roads thruout Nebraska are in a fairly good condition. Main highways have been worked and with the exception of a few short stretches here and there are passable.

Wisconsin roads are fairly good. Milwaukee south to State Line excellent except unpaid miles south of Racine. Milwaukee to Menomonee Falls, good. To Schellsburgville deep ruts, very rough.

Indiana roads are in a fairly good condition. Improving very rapidly.

Iowa roads in fairly good condition. A little rough in places.

## BLOOD HOUNDS TO TRACK CATTLE THIEVES

Springfield. — By The A. P.—Bloodhounds from Illinois, sent for to catch cattle thieves in Wyoming, left Springfield this week for a two months' stay on the ranch of Williams and Anderson, 12 miles south of Sheridan, Wyo.

Losses totalling thousands of dollars impelled the ranchers to turn to Illinois for help. Cattle "rustlers" they say, are continuing their inroads on the herds in spite of all precautions.

The bloodhounds were raised by Hugh G. Strumpher of Springfield, who accompanies them.

The dogs have done successful work, Mr. Strumpher said, in running down men later convicted of murder, arson and burglary, but have never before been turned loose on cattle thieves.

Mr. Strumpher is as new to cattle ranch conditions as his dogs are, but has already laid his plan of campaign. He said he would have three or four furrows of ground plowed up along the edges of the ranch over which the "rustlers" are likely to drive the cattle.

Immediately upon report of a loss, Mr. Strumpher will examine the plowed ground and expects to find by the trampled furrows, the direction of stolen cattle were headed in. From that the dogs will be given the scent.

## SCHONER RACE IS CREATING DISCUSSION

Fishing Fleet Arguing Over Contingency of Race for Championship—New boats being built.

Boston, a March 9.—Whether a fishing schooner should be built or speed, threatens to cause an international marine controversy.

The foibles of the fishing fleets of this port, Gloucester and Provincetown have been the scene of stormy sessions this winter, stormier often than the wintry seas and skies without.

Due to discussions of international fishing schooner championship and the craft that are building or mentioned for the title races off Halifax, N. S., next fall. Keen rivalry exists among these ports as to which will gain the honor of defending against Canada the trophy that the Gloucesterman, Esplanade, won from the Nova Scotian, Delawana, last November.

The Down East fishermen of Nova Scotia are no whit less keen on the question and in virtually every boat sailing out of Boston or Gloucester are men from the Maritime Provinces who divide the partisanship of their present ports with those home ports from which they first went to sea.

The result has been discussions that run from comment in the press to controversy in the pilot house, largely on the issue of how far a fishing schooner may be refined for speed.

The Canadians, defeated by Esplanade, set to work at once to build a boat that could win next fall and when she began to take form on the ways at Lunenburg, N. S., those who saw her and the plans for her sailed christened her the "Big Ark." Esplanade was admittedly unequal to a test with such a boat and Gloucestermen looked about them for a schooner to defend their laurels. They have several that they think will do. In Boston a syndicate was formed to consider representation with the plans for the Canadian challenger known, it was decided to build to beat her.

As a result the Mayflower, now on the builder's stocks at Essex with a dozen or more ribs showing on either side of her oak keel, was conceived. W. Starling Burgess, naval architect, was commissioned to design her and drew up plans that a yachtsman said resembled the America's cup defense yacht, Resolute. The men of Gloucester are reported to be critical of consideration of such a boat as a fisherman, and those of Canada have taken objection formally and informally to several features and threaten to bar the Mayflower from the competition.

Designer Burgess admitted the Mayflower was drawn to lines as nearly those of a yacht as it was practical to design a fishing schooner, but he and those most active in the project insist she will be in every sense a deep-sea fishing vessel, fulfilling every stipulation in the international fishing schooner championship requirements, including that which says that she must participate in the fisheries for one season before she is eligible to race.

The Canadians have set April 30 as the last date in which a vessel could start for the fisheries and is considered to have met the seasonal stipulation. Accordingly Mayflower is being rushed with the idea of launching her about April 15 and getting her away by the end of the month. The shipbuilders are working overtime without extra wages, men have volunteered at the shipyards at Essex to work 16 to 18 hours to have the canvas ready for her when she takes the water.

General dimensions of each boat have been known and have been the subject of the discussions and controversy that have been waged. Detailed figures have been lacking up to now and those given below offer the first opportunity for direct comparison of the Canadian challenger and the Boston boat Mayflower.

## BASEBALL AND CIGARETTES: NO SUNDAY MOVIES

Downers Grove, Ill.—By The A. P.—A year ago this village, by popular vote, approved Sunday baseball. Last fall, by virtue of the votes of the women, an ordinance forbidding sale of cigarettes in the village was vetoed. But last week the voters drew the line at Sunday movies, returning a majority of 131 against them out of a total vote of more than 800.

The distinction, according to some of the leaders of the anti-

movie faction, was drawn between outdoor recreation and indoor amusement. They pointed out that there were six evenings in the week for the movie fan to indulge in his favorite indoor sport but that most of the lovers of baseball seldom had an opportunity to witness games thru the week. Furthermore, the local American Legion post organized the village's baseball team but it was not active as a body, in support of the Sunday shows.

movie faction, was drawn between outdoor recreation and indoor amusement. They pointed out that there were six evenings in the week for the movie fan to indulge in his favorite indoor sport but that most of the lovers of baseball seldom had an opportunity to witness games thru the week. ## STOP THAT OBSTINATE COUGH

The obstinate cough that settles in the throat with a gathering of phlegm, is objectionable and dangerous especially for children. You can stop the cough and remove the cause of the trouble with a treatment of Glesco.

For forty years Glesco has been used in millions of American homes for the treatment of croup and coughs. It will relieve croup in fifteen minutes, without vomiting. It stops the most obstinate cough by carrying the offending mucus right out of the system. The careful mother always keeps Glesco in the home. Your druggist will tell you how many of your neighbors are using Glesco.

Sold in 50c bottles—it is worth ten times as much in time of need.

BLUFFS HOUSEHOLD  
SCIENCE CLUB MET

Interesting Session Held Tuesday Afternoon with Mrs. Anna Oakes — Other Interesting News From Bluffs.

Bluffs, March 9.—The Household Science club held a very interesting meeting at the home of Mrs. Anna Oakes, Tuesday, with 23 members present. Mrs. J. M. Bingham was received into the club, to fill the vacancy made by the resignation of Mrs. Warren, who is leaving town. Hostesses, Mesdames A. Oakes, William Hartnady, Batterfield and Lillie Chapman.

Papers were read by Mesdames Victor Knoepfel, William Vannier and Jno. Adkins. The former were along the lines of school work co-operation, etc. The latter was a short sketch of the city of West Point, village on the Hudson. Mrs. Corbridge read two articles, one of prose, the other poetry, burlesques, which were extremely ludicrous and caused much mirth.

The club voted to give a farewell reception for Mrs. Warren, and one for each club member in the future who changed her place of residence while a member of this club.

During the social hour splendid refreshments were served by the hostess.

Mr. and Mrs. E. D. Beird left Saturday for a ten days' visit in New Orleans.

Mrs. Harry Geisendorfer has returned from Pittsfield, where she has been visiting her parents.

Mrs. R. W. Ryan left for a visit with relatives in Camp Point.

Violet Owen, the five-year-old daughter of Mr. and Mrs. Ada Owen, east of town, is critically ill from spinal trouble. The case is peculiar and has been diagnosed by a number of physicians and Dr. Campbell, of Springfield.

The grief stricken parents have the sympathy of the entire community. The mother was before her marriage Miss Mary Griggs, of Bluffs.

MIMSSIONARY CIRCLE  
OF ASHLAND MEETS

Miss Lorena Bailey Hostess to Members of Society Recently—Other Ashland News Notes of Interest.

Ashland, March 10.—The Missionary Circle of the Christian church met Tuesday evening at the home of Miss Rae Grogan. Miss Lorena Bailey was the leader for the evening. The subject was "India." Misses Mildred Cowan and May Kendall each gave very interesting talks. The evening closed with a pleasant social time and the serving of dainty refreshments by the hostess.

The regular meeting of the Ashland Woman's club was held at the home of Mrs. W. S. Williams, Tuesday afternoon. There was a very good attendance, considering the weather.

Mrs. Wallace Hembrough and Miss Gertrude McLaughlin, of Donaphin, Neb., are visiting at the home of their uncle, F. W. McLaughlin.

Miss Belvia Hicks, of Jacksonville, visited friends in Ashland Tuesday evening.

C. W. Bailey went to Jacksonville, Thursday, to attend the auto show.

Miss Anna Louise Jordan, of your city, came Friday morning, to spend the week end with her cousins, Eula and Glenna Bailey. Mr. and Mrs. Al. Way entertained a few of their friends at a rook party Tuesday evening.

Rev. J. A. Betcher is in Winchester this week, conducting the service for the revival meetings in the M. E. church.

Al. and H. G. Way have returned from a two days' business trip at Bloomington.

D. E. Wilson and family returned home Saturday from Chicago, where they spent several days.

Miss Bertha Bergen and Carl Wethington are confined to their homes with scarlet fever.

John, George and James Kavanaugh, of Springfield, were in town Saturday on business.

Mr. and Mrs. C. W. Conover have returned home, after an extended wedding trip through the South.

Mrs. Miles Kendall was in Springfield, Tuesday, where she is receiving medical treatment.

Rev. C. W. Andrews is on the sick list this week.

CLOSING OUT SALE  
On Friday, March 11, of my personal property.

S. T. ZACHARY

EXETER

Miss Nina Dunn, of Decatur, is visiting with friends and relatives here.

Mr. and Mrs. Estell Leib are moving into the property in the south part of town recently vacated by H. J. Ratigan.

Miss Grace Matthews spent Saturday and Sunday at the home of Marjorie Hamilton.

Born, to Mr. and Mrs. Walter Hubert, a son, James Walter.

Mrs. George Bean spent a few days last week at the home of her daughter, Mrs. William Taylor.

Mr. and Mrs. Harold Cox have moved into the property owned by Manuel Six.

Mrs. George Ratigan visited at the home of Mrs. H. J. Ratigan one day recently.

Miss Kathleen Six spent a day, recently, at the home of Alice Ratigan.

Mrs. Rinehart and daughter were guests at the home of Dr. Day and family, recently.

Mrs. Thomas Whitlock and Frances Berry visited the school Tuesday.

Merrill Brackett was absent from school in Bluffs a few days last week.

Miss Viola Cox, our school teacher, spent Thursday evening with little Virginia Brown.

Albert Biggs came down from Jacksonville one day last week to call on R. W. Collision.

Miss Anna Ratigan spent Sunday with Miss Marian Day.

James Brown went to Versailles Saturday and spent a few days with his son, Robert Brown, and family.

Misses Kathleen and Louise Tholes were recent guests at the home of Mrs. Alphonse Wood.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

WHITE HALL SOLDIER  
ARRIVES FROM FRANCE

H. S. Freeman Returns After Year's Army Service in France —Other News Items From White Hall and Vicinity.

White Hall, March 9.—Herbert S. Freeman arrived home today, after an absence of a year, in France, serving in the accounting division of the allied commission on reparations, and is at the home of his father, Dr. A. W. Foreman, on North Main street. He arrived from France three weeks ago and stopped in New York and Washington.

This will probably conclude Foreman's connection with war work, in which he has a long and enviable record. He volunteered in the French army in 1916, first driving an ambulance and later graduating from the French artillery school at Fontainebleau. He served as an officer of artillery in the Rainbow Division, A. E. F., and returned with his regiment to the United States. Shortly after he was mustered out, he sailed again for Europe aboard the S. S. Powhatan, which was disabled in a storm off New Brunswick and tossed about in a heavy sea several days, during which the passengers suffered intensely from cold, the heating apparatus of the liner having been put out of commission.

Originally such a strong admirer of the French as to induce him to join the French colors at the outbreak of the war, his high opinions have undergone considerable modification, adding, "Which makes a good American hope that the good Lord will in the future, as in the past, keep us out of the quarrels and the intrigues of European nations."

Before going to Europe, a year ago, Foreman was offered the appointment of prohibition enforcement officer at Chicago. What are his future plans have not been indicated. He is a lawyer.

White Hall, March 9.—Theodore P. Bates returned to St. Louis today, having been here during the last fatal illness and funeral of his uncle, L. O. Bates. Before leaving for St. Louis, this representative of the third generation of the Bates family expressed doubt that the Bates vineyard and grape nursery would ever pass out of his hands, and that he would operate it through the present tenant, Charles Arce, Jr. Bates has turned the weather records of the late Peter J. Bates, covering a long period of years, over to R. B. Pearce's reference library.

C. C. Withrow was taken to Jacksonville, Tuesday, to undergo an operation at Passavant hospital. He has been suffering with a stomach ailment for ten days.

Dr. L. O. Frech and family have returned from Boston, where Dr. Frech took a post graduate course in medicine during the winter.

The younger fellows are wearing small shape hats this season. FRANK BYRNS Hat Store shows these shapes in various desirable colors and prices.

## MEREDOSIA SCHOOL GIVES BOX SOCIAL

Box of High School Gave Benefit for Basketball Team — Hierman - Barth Nuptials — Other Meredosia News.

Meredosia, March 10.—Pupils of Meredosia High school gave a box social Monday night in the auditorium for the benefit of the basketball team. They cleared \$30. A box of candy was auctioned off for the most popular young lady. Miss Leno Pfennig, our primary teacher proved to be the most popular. The boxes were auctioned and the one bringing the highest bid belonged to Naomi McGinnis and Mollie Mayes and brought \$7. H. C. Pond and daughters and Skia-ners orchestra furnished the music. Rev. Fred Reed gave a lecture and stereopticon views of Yellowstone Park. There was a good crowd and lots of fun.

Gayle Hierman, son of T. J. Hierman of near Arenzville and Freda Barth, daughter of Mr. and Mrs. Otto Barth were married Tuesday afternoon at two o'clock at the Methodist parsonage here. The ceremony was performed by Rev. Fred Reed. The witnesses were Henry Naylor and W. R. Hierman of Arenzville.

The primary election held here Tuesday was very exciting, there being 19 votes cast. The following is the ticket:

Citizens—For mayor, O. W. Wilcox; trustees, Henry Hinners, J. A. Hildebrand, John Beauchamp.

Progressives—Mayor, A. J. Leshe; trustees, Tom Dudhope, Ed Yeck, Jime Mayes.

Miss Minnie Vauthaur, who has been visiting her brother, Rev. Vauthaur for some time left for Decatur Wednesday morning to visit relatives there.

Thos. McGinnis was a business visitor in Jacksonville Wednesday.

Mrs. Clyde McAllister spent the week end in Springfield, the guest of relatives.

Ed Weber left Monday for Porter, Mo.

Rudolph Fricke was a caller in Jacksonville Monday.

Mrs. Caroline Graham came over from Bluffs, Wednesday for a visit in Meredosia.

Joe Butcher was a guest of his daughter, Mrs. Grove Beeley and family in Jacksonville, Monday.

Arthur Tice of Jacksonville was a business caller here Wednesday.

Harold Little was a visitor in Jacksonville Monday.

Mr. and Mrs. Otto Christians are rejoicing over the arrival of a baby boy at their home. The little fellow came Sunday morning.

GLANERS CLASS OF CHAPIN ENTERTAINED

Mrs. William Fry Hostess to Bible Class Members Monday Evening—Other Recent Happenings in Chapin.

Chapin, March 10.—Mrs. William Fry entertained the Glaners Bible class of the Christian church on Monday evening. Mr. and Mrs. Fry are soon to leave Chapin and the meeting was in the nature of a farewell to the class. Each member was presented with a bouquet of sweet peas with a hand painted card attached which also contained a poem suited to the occasion. The work of Miss Kathryn, who is developing decided talent in artistic and literary line. Dainty refreshments of candy and fruit were served. The class very much regrets the removal of Mrs. Fry from the community and the church, but what is our loss will be another's gain. Nineteen were present.

The ladies of the missionary society of the Christian church served the lunch at T. H. Stone's sale Tuesday. A nice sum was added to their treasury.

Mr. Crabtree, the Christian church minister was entertained Sunday at the home of Mr. and Mrs. W. S. Brownlow.

Mr. and Mrs. W. Woodward motored to Jacksonville last Friday evening and attended the play "The Old Maids Club," given by the Ella Ewing Circle girls in the basement of the Christian church.

Mr. and Mrs. H. C. Bridgman spent Sunday in Jacksonville with Mr. and Mrs. Robert Bridgman.

Mr. and Mrs. Onal Blair are moving into the house just vacated by Mr. and Mrs. Charles Baylis.

The Missionary society of the Christian church meets today, Wednesday, at the home of Mrs. Charles Dantford.

Mr. and Mrs. F. M. Roberts pleasantly entertained a number of friends last Friday evening in honor of their daughter, Mrs. George Cain. The evening was spent with games and conversation. At a late hour delicious refreshments were served. Mrs. Cain returned to St. Louis on Saturday.

Teacher asked what "postpone" meant, and I said,

"Tryin' to have breakfast without Post Toasties"
